

Q GINGER ALE

REAL GINGER, REAL KICK.

With organic agave, real ginger and a delicate blend of spices, Q Ginger Ale is crisp and clean with a gingery bite.

ginger

Q Ginger Ale has a strong ginger punch and is very spicy. That's because we use real ginger, and lots of it.

AGAVE

Agave nectar is prized by chefs worldwide for its gently rounded sweetness. So we use organic agave nectar – not high fructose corn syrup or bleached sugar. This allows the subtleties in your spirit to shine through and makes a much more refreshing drink.

EXTRA CARBONATION

A drink stays fizzier longer when it starts with more carbonation. So we pack in as much carbonation as possible, even if it requires running our production line more slowly.
