

Los Vecinos Mezcal

THE NO 1 MEZCAL FOR COCKTAILS

Los Vecinos del Campo means **'Neighbors of the Field'** and honors the centuries old distilling traditions of Oaxaca and the people whose families have produced these rich spirits for generations. In Valles Centrales de Oaxaca, a group of mezcaleros with 10 palenques distills small batch mezcals using time-honored, traditional methods passed down by their ancestors,

Made in **Mexico**

Utilizing **locally grown** and **hand-harvested agave**, the sultry, smoky sweetness of these artisanal mezcals is reached after days of slow roasting agave hearts underground. The piñas are crushed using a stone molino, then naturally fermented in wooden vats, and, finally, double distilled using a copper pot still.
