

Q CLUB SODA

The most carbonated club soda.

Spectacular club soda? Yes. Q Club Soda has as much carbonation as the can will hold.

HIMALAYAN SALT

Salt pulls out flavor. That's why you put in on steak. And Himalayan salt is known for its high mineral content, which means it pulls more subtleties from anything you mix it with.

EXTRA CARBONATION

A drink stays fizzier longer when it starts with more carbonation. So we pack in as much carbonation as possible, even if it requires running our production line more slowly.

VODKA	TEQUILA	APEROL	SCOTCH
VODKA SODA <ul style="list-style-type: none"> • 1.5oz Vodka • 4oz Q Club • Lime wedge 	RANCH WATER <ul style="list-style-type: none"> • 1.5oz Tequila • 4oz Q Club • Fresh Lime 	APEROL SPRITZ <ul style="list-style-type: none"> • 1oz Aperol • 1.5 oz Prosecco • Top with Q Club 	SCOTCH & SODA <ul style="list-style-type: none"> • 1.5oz Scotch • 4oz Q Club • Lemon Peel
